## Your Vitality?

The essence of life is force. Every breath you breathe, every heart beat, every motion of your hand, takes force. The measure of force we call vitality. If this is lacking, there is loss of flesh, lack of resistive power, a tendency to catch disease easily, especially a tendency to Consumption. For low vitality nothing is better than Scott's Emulsion. It supplies force by furnishing the nourishing, strengthening elements of food in an easily digested form; enriches the blood, and builds up the system. When ordinary food is of no avail, Scott's Emulsion will supply the body with all the vital elements of life.

Two sizes, 50 cts. and \$1.00. All druggists.

If you will ask for it we will send you a book telling you all about Scott's Emulsion. Free.
